Subject: Repair of Family Heirloom Oriental Carpet
To: Elshima – Hasan Abu Taha

Dear Sir,

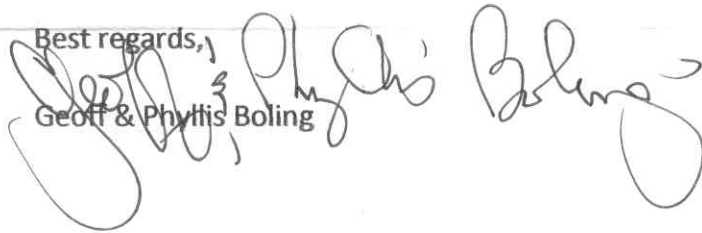

We have taken possession of our heirloom oriental carpet today, from Hagopian of Birmingham, and wish to advise you that we could not be more pleased with the results of your excellent craftsmanship. We are particularly thrilled with the fine repair work performed on the large, damaged area near the center of the carpet and the tear on one side. We cannot find either damaged area, as your skilled repair work is so very well done. The fringe and bindings are excellent, greatly enhancing the beauty of the carpet.

Hagopian is preparing our written appraisal at this time, and they have estimated the age of the rug to be over 100 years old. That suggests to us that the carpet was purchased by my Great Grandparents making this oriental a very valued heirloom of our family, and with these repairs, we expect the carpet to continue to be passed down through future generations to come.

Thank you for your skilled efforts on our behalf and may you have a very Happy New Year.

Best regards,

Geoff & Phyllis Boling
